PLANNING AND CO-ORDINATION

The Dynamedics platform provides the functionality you need to plan and operate a digital care and wellbeing programme across your company. We help you ensure that the right support is being given to the right employees at the right time and to be able to monitor and capture activity across the whole company. Move from a reactive mode, responding to employee issues as they arise, to a proactive model where you, the HR team and line managers are always on the front foot.

RAPID INNOVATION

The Dynamedics platform already comes with a range of innovative features such as:

“Refer to specialist”
simple handover

Digital assessment tools e.g.
Mental Health or Covid19

Notes capture and employee
record update

Video help & support
guides

Simple integration and
